Code Escape Room Rulebook

Date: Saturday, 31 October 2026

Time: 8:00 AM – 10:00 AM IST

Venue: TCL 3/4, 3rd floor, right side

Please arrive before 8:00 AM so that everyone can settle in and we can start on time.

Bring your own laptops — ideally one for each member. Sharing one laptop is allowed, but more laptops let your team chase different leads at the same time: while one person tries one idea, another tests something else, so you cover more ground and improve your chance of solving each room in time.

How the event works

- The event has five rounds of increasing difficulty and a shared two-hour deadline. Everyone's event timer starts together; teams move forward when they solve or skip a round.
- All three registered team members may sign in with their registered Google accounts. Your team shares one question set, progress and score. Coordinate submissions with your teammates.
- The base time limits for rounds 1 to 5 are 10, 15, 20, 25 and 30 minutes. Solve within your allowance to earn the full round reward. Unused time carries into the next round.
- After the allowance expires, choose **Continue** for a reduced reward or **Skip** to move forward. The available reward decreases by 5% of the base reward per minute, down to a 25% minimum. Skipping deducts 20% of that round's base reward; your total may go below zero. Overtime and skips carry no unused time.
- Timers keep running while you browse. Submissions close when the event ends. Rankings use total points; ties use rounds solved, then the time that score was reached.

What is allowed

Conduct and disqualification

- Do not disturb others, create a nuisance or behave badly toward participants or organizers.
- Do not peep at another team's screen or solutions. Do not share or copy answers across teams.
- Teams found violating these conduct rules will be **disqualified. No refund will be provided.**
